ANSWERED ON:10.12.2004
INDUSTRIAL DEVELOPMENT
Chouhan Shri Shivraj Singh

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether the investments made in the industrial sector in the different parts of the country are not equal;

(b) if so, the details thereof and the reasons therefor;

(c) whether Madhya Pradesh and Chhattisgarh are the most backward States in view of industrial development and investment; and

(d) if so, the steps proposed to be taken by the Government to enhance the industrial development and investment in these States ?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY (SHRI E.V.K.S. ELANGOVAN)

(a) to (d) A statement showing proposed investment by entrepreneurs in the non-SSI sector in various states based on the Industrial Entrepreneurs memoranda (IEMs) filed and Letters of Intent (LOIs) and Direct Industrial Licences (DILs) issued since August 1991 is at Annexure I. Madhya Pradesh and Chhattisgarh account for 3.26 per cent and 5.07 per cent respectively, of the proposed investment.

Under the liberalized industrial policies, investment in various industries depends upon the commercial judgment of the entrepreneurs which in turn, is based on the initiatives taken by the State Governments/UTs in the creation of conducive economic environment by way of providing basic infrastructural facilities and other incentives. The initiative for industrial development of a State lies primarily with the concerned state government. However, the Government of India has been supplementing their efforts through various incentives and schemes. Under the Growth Centre Scheme, announced in June, 1988 with a view to promote industrialization of backward areas, a total of 71 Growth Centres have been sanctioned to be set up throughout the country. Of these, four are in Madhya Pradesh and two are in Chhattisgarh.
